TULLY COULTER WINS WITH HE KNOWS AND TRASH,

## But Beauciere Falls to Complete a Three Cornered Coup-Sweet Rides in Splendid Form-Jack McGinnis and His Trainer Are Said to Have Parted Company.

T. W. Coulter, who is getting together a formidable string of racehorses, told his friends before the first event yesterday that he would win three races. He made good his promise with He Knows and Trash, but Peauciere was a bitter disappointment oulter had prepared He Knows, a three-yearold gelding by Heno, for a killing, and with Sweet in the saddle the oral bettors backed him so loyally that the quotations fell from 8 to 6. The moment the barrier went up He Knows took the track and with a world of speed he stood the big field on their Sweet simply sat still while He Knows tincanned to the wire, where he was timed in 1:13 for six furlongs, eased up.
Sweet put up a magnificent ride on Trash.

in the second race. The Heno filly had to be pounds the best to win. She was shut off and knocked back on the lower turn, but Sweet gradually made up the lost ground, until rash was within hailing distance of the pacemakers as she reached the far turn. she was shut off again, so that Sweet was compelled to take her to the outside. Once in her stride and with nothing to interfere with her Trash went on and won in royal style, the crowd treating the little jockey to an ovation

then he came back to the scales.

Beauclere looked like the surest thing of the when he started in the last race, at a mile and a quarter, and the oral bettors took 1 to 2 with much eagerness. Sweet, however, allowed the son of Salvator to lag in the first part of the journey, so that he was many lengths be-hind Col. White, the pacemaker, in the run up the backstretch. Nearing the far turn Sweet got busy and made a desperate attempt to get up. It looked as if Beauclere would win at the head of the stretch, but Sweet had made much use of him that he curled up when the crisis arrived and finished in third place.

Sweet came within a few inches of winning another race, however, with Ragman in the third event. Trainer Karrick of the Oneck his fast colt Fashion Plate, with the result all he could do to sit in the saddle. The colt ran on his own courage and finally assumed a commanding lead, but he loafed in the homestretch, and as his jockey was of no help to him Sweet overhauled him rapidly with Ragman. In another jump Ragman would surely have won, for Sweet had him extended to the limit. Sweet also performed well on P. J. Colahan's Alice Mack, a 20 to 1 shot, who secured third place in the fifth event. With two winners, a second and two thirds, Sweet easily carried off the riding honors for the day.

J. L. McGinnis and his capable trainer ohn I. Smith have had a misunderstanding and have parted. At least that was the story in circulation yesterday. Some said that the trouble was due to the riding instructions Smith gave E. Dugan, who had the mount on Frank Gill in the Ocean Wave handicap at the Beach on Saturday. Smith was for-merly in the employ of Matt Allen when the latter trained Major Daingerfield and other noted horses. He has been with McGinnis for several years and has produced some excellent results. It is not known who will

When Donzella, a filly owned by Joseph Mulligan and trained by Charles Tarter, came out of the paddock for the third face she did her best to throw Jockey Mushnug over her head. The boy could not get her started for the post and there was such a rumpus that Dr. Saylor, who is employed by the Jockey club to look over suspected cases of "dope" looked the filly over. She was finally led to the barrier after the "vet" concluded that her behavior was due to an un-ruly temper. It was said that the stewards would give a hearing to Trainer A. Carter to-day. Carter had his license suspended week because it was believed that he used stimulants in preparing the horse Beardall for a race. Since then many persons have come to the front to testify that Beardall

was siways a crazy horse and that Carter was not to blame for the animal's behavior. While He Knows was a real good thing in the opening event there was a hot tip on Mr. Duryea's Whip Top, a filly by Martagon, the sire of Marathon, who won the handicap. Whip Top was steady at 5 to 2, while the form students made Saracinesca a hot first choice at 7 to 5. George J. Long's Boema was also in some demand, as were Omnipotent, Miramer and Torenia.

hion Plate ran five and a half furlongs in the third race in 1:06 2-5, the fastest time made so far at this meeting. The track record is 1:06, held jointly by Brookdale and Royal Vane. Lasata, who ran third in this event, is a bay gelding by Solitaire II.—Bohemian Lass, owned by the Glenview Stable and saddled by John J. Hyland. Mr. Duryea's Monologue looked upon as a cinch to be third, but he

ran a dull race.
Old Cairngorm undertook too great a task in the handicap when he gave eleven pounds to Marathon, forty to Campaigner, thirty to D'Arkle, twenty-nine to Lally one pound to the three-year-old Queen Marrite. He was also further handicapped having the slothful Horner on his back. As a result Cairngorm was beaten early and received a crushing defeat. Marathon was the pick of the form students and he ran one of the best races of his career. He was formerly owned by the Whitney Stable, but A. Cella two years ago claimed him out of a selling race. He ran so well in Cella's colors that Mr. Duryea bought him for spot

The fifth race bristled with supposed good things. The Elkwood Park Stable furnished Star Shoot-Lady Premier, but she finished nowhere. Weymouth, the winner, backed from 10 to 8, is owned by W. T. Alexander, a close friend of A. L. Aste, whose trainer, W. McCann, saddled the filly. It was said that Weymouth enabled her stable connections to deal the Western poolrooms a knockout blow. Dave Johnson was sure that L. O. Appleby's Billy Vincent, by Sandringham, would win and so were others who took 5 to 1. The Oneck Stable's Garland, a filly by Ben Strome -Daisy Chain, was another tip and she made partially good by running in the place. Mr. Durvea's Donation, by Dieudonne-Ricabar. she could not raise a gallop. C. R. Ellison's Yankee Daughter, a half sister to Salvidere, was in some favor too, also W. F. Schulte's Queen Eleanor, who came home absolutely last. R. W. Nelson's Lady Swift and A. B.

Spreckels's Guerara were also played. It was said that several members of the Kings county Grand Jury were at the track making personal observations, but nobody could point them out

Doc Russell told everybody he knew before the last race that Col. White was in a soft spo "He will make all the pace," said he, "and come home on the bit." Miller had the mount and took the son of Clifford away from the barrier as if he was in a sprint race instead of a long distance event. As a result Col. White showed a lot of speed for a mile and

then died away.

Jensen rode the first winner of his career when he came home with Molesey in this event. Jack Bennet and his friends tried hard to put Molesey over the plate on previous race, but yesterday they let the Kingston yearling run loose. Jensen is an apprentice who has not had much experience. but he handled Molesey like a veteran.

Biskra had a lot of early speed in the second race, but for some reason Culien pulled her these days, when the wise men least expect it. Monocle beat Gowan for the place in the race by an eyelash. Only the judges could

separate them.

If it rains at Brighton to-day the "memory brokers" will meet one another under the grand stand, not in the betting ring.

## MARATHON WINS HANDICAP. H. B. Duryea's Horse Beats Lally in Callep at Brighten.

Considering the kind of horses that took part in the races at Brighton Beach track yesterday there was some excellent sport he feature event was a handicap at a mil and a sixteenth, which was won in a gallop by H. B. Duryea's Marathon, 6 to 5. Queer Marguerite, 6 to 1, made the running for nearly a mile, where she hung, and Maratho hen breezed to the front, beating Lally 5 to 2, by three lengths in 1:46 3-5. Lally was a length and a half before Queen Marguerite Cairngorm, 7 to 2, with top weight, was easily

first event, for platers at six furlongs, and won galloping by four lengths in 1:13. H. B. Duryea's Whip Top, 5 to 2, took the place by a nose from Boema, 6 to 1, who beat Saracinesca, 7 to 5, a head for third money.

After being knocked out of it in the early stages Trash, 8 to 5, ran a great race and won the second event, for three-year-olds, at a mile and a sixteenth, rather easily by a length and a half in 1:47. In a hard drive Monocle, 3 to 1, beat Gowan, 3 to 1, a nose for the place.

With a stable boy, H. Smith, in the saddle, Fashion Plate, 3 to 5, after having a big lead, just managed to win the third event, for two-year-olds, five and a half furlongs, by a head from Ragman, 2 to 1. Lasata, 15 to 1, was third, eight lengths away. The time was first event for platers at six furlongs, and won eight lengths away. The time

third, eight lengths away. The third, eight lengths away.

106 2-5.

Coming from behind in the stretch, Weymouth, 8 to 1, captured the fifth race, for, maiden two-year-old fillies, five furiongs, in handy style by a length and a half in 101 4-5.

After making the pace for nearly a mile Col. White, 7 to 2, blew up, and Molesey, 6 to 1, went on to win the last race, at a mile and a quarter, in easy style by two and a half lengths in 2x7 2-5. The summaries:

WATER SPORTS AT LARCHMONT

FUN PROVIDED FOR LADIES' DAY OF RACE WEEK.

Too Strong a Breeze for Many Motor Boats, but the Cruising Power Boats Compete—Amphiblous Ball Players Duck the Umpire-Many Novel Events. It was ladies' day at the Larchmont Yach Club yesterday, and as usual a special enter-

tainment in the way of motor boat races, water sports and music had been arranged for the afternoon and in the evening there was the annual ball of the yacht club and the Venetian fête.

Every one tries to get an invitation to Larchmont on ladies' day during race week because the attractions there have become world famed and the yachtsmen do so much to entertain their guests, and as a result the lawns in front of the clubhouse and the clubhouse piazzas were crowded all the afternoon.

The officers of the club particularly were busy. Commodore Wilson Marshall and Fleet Captain Morton W. Smith were everywhere. They were kept busy pointing out the Atlantic the winner of the ocean race, as that yacht attracts attention, although the race was sailed three years ago. Vice-Commodore John Proctor Clarke, who forgets that he is a Justice when at Larchmont, was in demand, and he divided his time between his niece Miss Abbie Campbell, and the rest of the company. William B. Jenkins, the indefatigable

terday a symphony in white, with just a dash of blue in the shape of a necktie and bachelor button bouquet, and he looked cool and calm in spite of the fact that every one was looking

23.40. It is thought that an error must have been made in the Royal Flush's rating, the figures being far too high. As it would be unfair to put the Eronel against the larger boats, Chairman Tower decided to give the Eronel a special prize and let the other three race together, and the winner will be determined when all are measured.

The water sports were, as usual, under the management of Frank G. Fullgraff. Several members of the New York Athletic Club helped furnish the entertainment, as they do each year, and Harry S. Lyons, Robert C. Kammerer, Otto Wahle, E. F. Haubold and Eugene Giannini acted as the officials. There were nine events on the programme which ended with a water baseball game in which the players had a dispute with the Umpire, L. G. Spence, and threw him into the water. A sack race over hurdles caused some fun. This was won by N. C. Manley of the New York A. C. Another hovel race was called a harlequin race. The swimmers had to go half the distance in ordinary swimming costume and then don women's skirts and finish the contest. This was won by S. D. Hams of Bath Beach. The tilting contest attracted so many entries that it took eighteen bouts to decide the winner.

The summary follows:

## SHAMROCK WINS THE CUP. New Measurement Falls to Change Result of Race.

The Lipton Cup was formally presented to Frederic Thompson, owner of the schooner Shamrock, last night at a dinner at the Brook-lyn Yacht Club house. This cup, given to the Brooklyn Yacht Club by Sir Thomas Lipton, was for a race over an ocean course, and twenty-nine yachts started on the morning of July 4 to sail to Fire Island and the Northeast End Lightship and back, 325 miles in all. The Mimosa III., owned by Stuyvesant Wainwright, pressed the Shamrock hard all over the course, and at the Scotland Light-ship coming home the Mimosa, a boat measurship coming nome the aimosa, a boat measur-ing only 29.9, was well within her time. She was then becalmed while the Shamrook some distance ahead was able to carry a nice breeze right up to the finish. As originally given out by the regatta committee of the Brooklyn Yacht Club, the Shamrock received an allowance of 3 hours, 53 minutes 5 seconds from the hypothetical 60 footer, and the Mimosa III. received 12 hours, 14 minutes

Mimosa III. received 12 hours, 14 minutes 4 seconds.

After the race ended some doubt was expressed as to the correctness of the Shamrock's rating and Mr. Wainwright asked for a remeasurement. He was satisfied that no change of figures would give the cup to Mimosa III. but the ratings of the Shamrock had been changed so often that he wanted to know what the real rating was.

Prof. William Hallock, measurer of the New York Yacht Club measured the Shamrock and found that the yacht rated at 56.97. In racing against sloops the time allowance is figured on 85 per cent. of a schooner's full rating, and so time allowance for the Shamrock was figured on 48.42. This makes her allowance in the race's hours 19 minutes 49 seconds, a change of 33 minutes 16 seconds in favor of Mimosa III. This was not enough to overcome the difference between the two marry now is:

NATIONAL LEAGUE.

lew Yorks Win Then Lose in St. Louis First Game Going Twelve Innings. The New York Nationals played another long game with the Cardinals yesterday, winning from the latter team in the twelfth inning. The tailenders are giving them lots of trouble, however, and beat them in the second game of a double header. The Pittsburgs shut out the Brooklyns and drew were shaken off, as they drew a blank in their game with the Bostons. At their present clip the Cubs will not be in the final dash for the pennant. The Phillies won from the Reds and are doing better work on the present

trip than any other Eastern club. The results New York, 4; St. Louis, 2-First Game. St. Louis, S; New York, 1 Second Game. Pittsburg, 2; Brooklyn, 0. Boston, S; Chicago, O. Philadelphia, 3: Cincinnati, 2.

STANDING OF THE CLUBS.

St. Louis, July 21.—The Cardinals and New Yorks wound up one of the hardest fought series of the season this afternoon by getting an even break in a double header, New York taking the first contest in twelve innings, 4 to 2, and losing the second, 3 to 1. The opening game was a battle between Mathewson and Sallee, and both were in good the two, but he grew better as the game progressed and at the end was pitching great ball. Sallee did not let a man reach first in the first four innings and the only one in which he was found effectively was the sixth. St. Louis picked up an early lead owing to couple of hits in the first inning. The recond run for the Cardinals came in the fifth inning on a couple of hits and an out. New York tied the score in the sixth inning

He scored on Brain's single, Brain taking second on a throw to the plate. Bresnahan singled and Brain scored.

Charles lost the game in the twelfth inning

Tenney drew a base on balls and stole second

Charles lost the game in the twelfth inning.

Devlin hit a grounder at him and he put a low throw through Konetchy, which allowed the New York third sacker to get around to the far corner of the diamond. McCormick doubled to left and Devlin scored. Shannon ran for McCormick and stole third. Mathewson sent a long line drive to Barry and Shannon scored on the catch.

The Cardinals won the second game on a couple of hard drives in the eighth inning. Again in this game the Browns got an early lead. Taylor issued a pass to Delehanty and Charles sacrificed. Gilbert hit a slow one toward third and beat it out. Ludwig hit to Bridwell, forcing Gilbert at second, but Delehanty came in.

It was not until the seventh inning that New York tied the score. Donlin bunted and went on around to third when Lush threw wild to Konetchy. Seymour filed to Murray and Donlin scored. Heavy hitting won for the Cardinals in the eighth. Murray led off with a two bagger to left. Byrne popped to Brain, but Konetchy hit to the left field bleachers and came all the way home on the smash, driving Murray in ahead of him. The scores:

Even Break on the Hill for the Elberfelders -Bestons Cause Dismay in St. Louis Camp by Taking Two Games-Tigers Down Washingtons-Athletics Win.

The New Yorks tackled the Chicagos of a double bill, the playing of the White sad day for St. Louis, as the Browns were done up twice by their great hoodoo the Bostons. The Detroits won from the Washingtons, so the two defeats were doubly disastrous for the Browns. The Cleveland fell before the Athletics. The results:

Philadelphia, 4; Cleveland, 2. STANDING OF THE CLUBS.

CHÍCAGO (A. L.), 6; NEW YORK (A. L.), 3-FIRST GAME.

The White Sox beat the New Yorks 6 to 3 in the first instalment of a double header yesterday and the New Yorks put the Sox away by the same score in the second. Taking both games together, the New Yorks realized more on their hits than the Chicagos, getting nine runs from fifteen hits to Chicago's nine from twenty-one. Furthermore, though they didn't fare a bit better than the Sox on the object most sought for, they played better than Boss Jones's squad in the field. Their pitchers didn't weather the dual conflict as well as Chicago's. Elberfeld having to call on four artillerymen to Chicago's two Considering that the weather was damp.

briskness and spice. Long, cleaving hits at needful moments cut a big figure, the con-spicuous participants in this movement being Conroy, Moriarty, Delehanty, Jones and Isbell. In the second game Conroy hit the ball most viciously, making a single, a two bagger

and a home run.

Large Mr. Walsh did not allow the New
headway in the first game. Newton did fine for three innings, then all at once he fizzled out. Orth got along all right until the ninth, when he too was subjected to a fusiliade. The beginning of the end for Newton was the fourth inning which Jones ushered in with a triple which shaved the left foul line.
Pat Dougherty kicked when at bat in the

fourth and was sent off the field by Umpire Evans. Evans also chided Jones for yeiling to a runner on first to "watch out for the to a runner on first to "watch out for the balk." "I'll say so when there's a balk "was the umpirical observation that silenced Jones. After Jones had tripled Isbell, Anderson and Davis strewed singles around the neld, but only two runs resulted from the four successive bingles. Delehanty scored for New York in the fifth on his own hit, Ball's sacrifice, Blair's infield single and Parent's wild throw. Walsh threw out three men at first base in this inning. Hahn blazed a triple to right in the eighth and came in on Jones's two bagger. Waish collided with the ball for a screaming two bagger in the ninth and cinched his own game by knocking two runs home. A hit by Hahn scored Walsh. The New Yorks made two runs in the ninth on Parent's low throw of Moriarty's grounder, Chase's three bage hit to the fence and a low throw to first by Tannehill. Walsh tightened up, and there was nothing more doing. The big chap's spitter was a puzzler, and generally the ball was hit on top by the Highland batsmen. For six innings of the second game Bill Hogg trimmed the Sox to the queen's taste, but they were more troublesome in the last three, and Elberfeld reckoned it the better part of valor to shelve Hogg in the ninth ning. Doc White was erratic and not effective with men on bases he gave three bases on balls in a row in the first inning, and as this happened after Coaroy had reached first on a bad throw by Tannehill and stolen second, a run came in. Hall fanned with the bases filled.

Conroy and Moriarty singled in the third, but the latter was nipped at third when he and Mory tried a double steal. Hemphill's balk." "I'll say so when there's a balk" was

second, a run came in. Ball fanned with the bases filled.
Conroy and Moriarty singled in the third, but the latter was nipped at third when he and Mory tried a double steal. Hemphill's smash for three nocks scored Moriarty, and Delehanty's lined to Jones for the third out. Delehanty set only shone brightly as a fly catcher in left field, but in the fifth inning he made a triple that broke up the game. Conroy doubled, Moriarty bunted safely, and Conroy and Chase worked the squeeze for a run. Davis's fumble on Hemphill put the latter on first and Delehanty brought the two base runners through by hitting past Hahn for three bases.

A magnificent jumping catch by Chase in the sixth prevented one run and possibly two. There were two on bases when Harold, the human catapuit, sprang alort for Ball's high throw, swung his arm in a half circle and tagged Jones. Three hits and one run were made off Hogg in the seventh, but he finished the inning in good style. He also held the Sox in check in the eighth after a hit batsman—Eddie Hahn—was plugged on the aw. A base on balls and a single had produced a run.

A moneter of a hit was made by Conroy in

aw. A base on balls and a single had produced a run.

A monster of a hit was made by Conroy in the seventh. The ball crashed into the score board and then obligingly hopped over the picket fen e, Connie ambling all the way around. Manning passed the first man who faced him in the ninth, and Atz and Tannehill made hits. Manning thought that was a sufficiency. Parent scored while he was throwing Doc White out at first, and the next pair of foemen perished on high flies. The cores:

OVATION TO MRS. GERKEN. Vanderbilt and Watson Horses Divide

Honors at Atlantic City. ATLANTIC CITY, N. J., July 21,-Cloudy skies did not dampen the ardor of those who attended the opening of the tenth annual exhibition of the Atlantic City Horse Show Association at Injet Park this afternoon, An entry list that rivalled the best of any former years made the opening day successful. Blooded horses, scheduled as the principal ring attraction, were forced to take second place in interest to the appearance of Mrs. John Gerken, for years the most popular exhibitor in the Atlantic city oval. Mrs. Gerken's sale of her stables was expected to make her an absentee from the show and when she appeared on Pandora in the first saddle class she got an ovation. So vehement were the stands that when the big bay failed to land a ribbon there was a nurmur of protest from the partisans of the plucky horsewoman.

Reginald Vanderbilt and George Watson, who is here with a string of animals new to the local oval, divided the honors in the principal classes of the day. Watson had the services of Charlie Fownes, the English champion whip, but the Sandy Point Farm entries of Vanderbilt made an appearance entries of Vanderbit made an appearance that won them ribbons on absolute merit.

Probably the prettiest class of the day was the tandem event in which the Vanderbiit stable won with the imported hackney team. Lord Burleigh and Lord Brooke, who were shown against Harry Holloway's Scotland's Queen and Grand Duchess and the Watson entries, Mascot and Marvel. Harry Holloway handled his browns in a masterly manner, and both driving and action must have been considered in the awarding of the red to the Philadelphia entries.

An interesting class was for ladies' saddle horses, in which Mrs. Gerken aga n appeared on Artist's Model, another entry from the Elsinore Farms. Mrs. Julian Morris rode Sarnia, her husband's entry and Miss Elizabeth Holloway rode Virginia Dare, entered by Mrs. Clarke Dulany. Mrs. Francis A. Watson was on Parade, the Watson chestnut.

Polo. Long Branch, N. J., July 21.—In a spirited match with the teams playing on even terms the Meadow Brook Freebooters defeated the Philadelphia Country Club's four on the Rumson polo field this afternoon by a net score of 8% to 5%. The match was for special cups offered by the Rumson Polo Club. The Philadelphians were scheduled to meet the Meadow Brooks this afternoon for the Rumson challenge cup, but the contest was postponed because of the serious illness of the mother of W. Goadby Loew, the Meadow Brook back. D. Milburn of the Meadow Brook's first team played into-day's match. The lineup and score:

Meadow Brook—1. W. S. Jones, Jr., 1; 2. H. S. Borden, 2. 3. D. Milburn, 2. back, H. S. Borden, S. Total handleap, 16.

Goals earned by Meadow Brook, 2; iost by penalty, 15; net score, 2%. Goals earned by Philadelphia Country Club, 6; lost by penalty, 5; net score, 3%. LONG BRANCH, N. J., July 21 .- In a spirited

AMONG THE AUTOMOBILISTS NEW MOVE IN PHILADELPHIA TRACK RACE TANGLE.

Promoters Whose Sanction for Point Breeze Was Revoked by A. A. A. Rae ing Beard Would Arrange Match Between Parkin and a New York Driver. The Philadelphia promoters whose sanction

for a race meet next Saturday at the Point Breeze track was revoked by the A. A. A. racing board have made plans to have some racing without the official approval and permission of the American Automobile Associaion. When they first made their plans for he race meet they secured a sanction which was issued to the Norristown Automobile Club, but the A. A. A. recalled the sanction upon the protest of the Quaker City Motor Club, and the officials of the Norristown club old the Quaker City men they had not applied for the sanction. The latest move of the sanctionless pro-

moters is to arrange for a single event next Saturday, the one contest to be a 100 mile match race. J. G. Parkin, a young Philaceiphia driver who has distinguished himself in a number of races near the Quaker rhiladeiphia driver who has distinguished himser in a number of races near the Quaker capital, is said to have agreed to race against him for 100 miles. Wallace H. Owen, the well known local racing driver, was asked to compete against young Parkin, Owen to drive Stewart H. Elliott's American racing car. Owen, however, declined to accept, as his injured arm will prevent him from competing in speed contests for some time.

Owen told the Philadelphia promoters he would try to secure a driver for them and yesterday he made arrangements with Lewis Strang for the latter to go to Philadelphia to talk the matter over with the promoters. The Savannah and Briarcilli winner was not quite certain whether to tempt the wrath of the A. A. A. racing board or not, but said he would see what the Philadelphia men had to say. Charles J. Swain, former president of the Quaker City Motor Club and the Philadelphia member of the A. A. A. racing board, has announced he will go to Point Breeze on Saturday and warn all drivers not to race under pain of disqualification by the A. A. A. racing board.

The Automobile Club of Englewood has

The Automobile Club of Englewood has sent out notices to its members that the local authorities of Tenafiy, N. J., have established a couple of speed traps which are conducted on Saturdays and Sundays. One of the traps is located on Engle street from the borough line to the main street leading to the station. The trap is operated from the shrubbery, is fully equipped with telephones and the speed limit is rigorously enforced. Threats of arrest have followed attempts to ware automobilists of the location of the trap.

The action of the officials of the Scranton Automobile Association in prosecuting township supervisors for neglecting the roads in their districts has had a very beneficial effect throughout that part of Pennsylvania. The highways have been kept in much better condition since the Scranton motorists started their crusade, as automobilists of nearyby places have announced they would follow the example of the Scranton organization if their roads were not kept in good condition and free from loose stones.

if their roads were not kept in good condition in their roads were not kept in good condition and free from loose stones.

Consul E. A. Creevey, in a report sent from Colombo, gives the following information regarding prospects for automobile business in the island of Ceylon.

At present there are a few less than 200 automobiles in service in Ceylon, only one of them of American make. It would appear that there is need for several hundred more machines here, but whether the need would be recognized by those expected to purchase is a question. The field which it is believed could be developed profitably by automobile manufacturers lies in the tea and rubber estates, of which there are about 1,200 on the island. Each estate needs an automobile, but as yet very few proprietors have taken steps to meet the want.

The machine required in Ceylon should be a good hill climber, of moderate cost and economical in operation. The vast majority of the plantations are situated in the mountains and are reached by narrow, almost soiral roads, with heavy grades and sharp turns. It should be simple of operation and so constructed as to respond quickly to the touch of the chauffeur, as the driver of a car on a Ceylon mountain road is liable at any instant in making a sharp turn to find himself confronted by a heavily laden buffalo cart occupying the whole width of the road and with a rocky wall on one side and a precipice on the other. The Colombo price of gasolene is 50 American cents per gallon, hence a successful car in Ceylon would necessarily be one using a minimum of that fluid.

If, the American automobile manufacturer entertains the idea that his machine may be sold here only as the result of demonstration. The manufacturer, though he be thoroughly satisfied of the excellence of his car, cannot expect a contemplating purchaser 10,000 miles.or more removed from the sight of that car to understand its carpobility as he

The manufacturer, though he be thoroughly satisfied of the excellence of his car, cannot expect a contemplating purchaser 10,000 miles or more removed from the sight of that car to understand its capability as he does himself, with nothing but a printed catalogue to guide him. He should remember that in the development of his car he himself refused to accept the statement of his factory foreman as to the performance of any part of it and was convinced of the truth only after the car had been taken out over the road and the working of the part referred to demonstrated.

The American automobile manufacturer contemplating the capture of the Ceylon market should begin by sending out a representative to assure a purchaser that a supply of parts would be kept at Colombo. This last consideration is essential in the case of a machine the various parts of which are not standardized, as it is not to be assumed that a resident of Ceylon would knowingly place himself at the disadvantage of having to wait for a substitute part of his machine, in case of damage by accident, to be shipped from the United States.

THREE TEAMS LEFT IN GLIDDEN. Clark's Marmon Spoils Perfect Score of Bay State Trio.

RANGELEY, Me., July 21.—The Bay State Automobile Association team competing for the Glidden trophy fell from the clean score class in the run from Poland to this place to-day. The Marmon, driven by Walter C. Clark, became stalled in the mountains fifteen miles from here, owing to a seizure of its brakes, which caused the engine to become overheated. The car arrived here ten min-utes behind the schedule and was pensized

that number of points.

The team's share of the penalization The team's share of the penalization is 31-3 points, leaving 9862-3 points to its credit. Walter C. Marmon, designer of the car, who is driving Marmon 23, filed a protest against the penalization to-night on the ground that if the chairman had not hindered the contestants in to-day's run by keeping them close to the schedule, he would have had time to make the necessary repairs and arrive on time. He admits he was ahead of the schedule about forty minutes when his car went wrong.

This leaves the contest for the Glidden trophy three cornered between the Buffalo team, composed of three Great Arrows, the Columbus team, composed of three Peerless cars, and the Chicago team No. 1, composed of two Haynes cars and one Oldsmobile.

Oakland car No. 28 was ditched four miles out, breaking a rear spring and adding it points to the penalization of Chicago team No. 2.

The Packard Red Cross car crashed through a culvert and required two hours work before it was placed back on the road. Stoddard-Dayton car No. 109 was ordered to be shipped back to the factory at once. It broke a radius rod bracket several days ago.

The Hower trophy contest remains as it was yesterday.
